2023 POST-BUDGET DEBATE

Date : Monday, 27th February 2023
Time : 2.00 - 5.00 pm
Venue : Dewan Perdana, Bukit Kiara Equestrian & Country Resort
Fee : RM150-member, RM200-non-member

The Malaysian Economic Association (MEA) Post-Budget Debate is an annual forum held regularly since 1989. The new 2023 Budget by the new government of Malaysia is scheduled to be tabled in Parliament by our Minister of Finance on Friday, 24th February 2023. This Post Budget Debate (PBD) will be held on the Monday, 27th February 2023.

As in the past, this event provides an effective platform for the Ministry of Finance to articulate the rationale underlying the Budget strategies as well as explain how the Budget measures are expected to foster economic growth. The analysis and comments by a panel of experts from different interest groups and the ensuing discussions by the panel, usually provide useful feedback to the Ministry, and influence the approach to the implementation of the Budget.

The 2023 Post-Budget Debate is of great significance given the vulnerabilities of the people especially those in the B40 and M40 and the gradual recovery of the Malaysian economy after the two-year hiatus due to the Covid-19 pandemic. Continuing the economy's rebound and getting it on an even keel is a difficult task with inflation and rising interest rates affecting the world economy and Malaysia.
